

Indiana Lacrosse Officials Association

ASSIGNING PRIORITIES

1. Consecutive Games

- This would mean JV/V back-to-back games or a round robin with multiple teams.
- The more games in a row the higher the priority.
- Remember that IYLA can piggyback onto these games as well. Since we could just use the same crew we could consider it as part of the consecutive games.
- Organizations with only one team can arrange to play doubleheaders at the same site so the same crew can be used. Ex. Team A hosts Team B at 17:30, Team C then plays Team D at Team A's field at 19:30.

2. Travel Games

- Travel is defined as a team travelling from one region/remote area to another.

3. Single Games

- One single Varsity, JV, or Fr. Game, etc.

4. Single Concurrent Games involving same organization

- This is mainly an IYLA issue, but this will put multiple games being hosted by the same organization at the same time low on the priority list. Ex. The JV and V both play at 18:00 on two different fields.

5. All Other Games

Saturday and Sunday

1. On Saturdays, IHSLA games will receive priority over youth games
2. On Sundays, youth games will receive priority over IHSLA games.
